During troubleshooting sessions where networked computers are present, the Cincinnati Bell Helpdesk technician will ask the Customer to disconnect their networked equipment from the Cincinnati Bell equipment, and directly connect the Cincinnati Bell hardware to one Windows based or Macintosh PC. Doing so will help the technician diagnose issues with the Cincinnati Bell equipment at the customer's premise(s). Failure to comply with the Cincinnati Bell technician's request in this matter will release Cincinnati Bell's responsibility for further diagnosis.

- 1.7.1 Cincinnati Bell does not guarantee that the Service, Equipment, or other equipment authorized by Cincinnati Bell for use in connection with the Service will perform at a particular speed, bandwidth, or data throughput rate, or will be uninterrupted, error-free, secure, or free of viruses, worms, disabling code or conditions, or the like. The speed measurement advertised by Cincinnati Bell refers to the Internet access speed provisioned to a subscriber on a per-line and not a per-device basis.
- 1.7.2 The actual speed realized by the subscriber may vary based on a variety of factors including, but not limited to: the capabilities or limitations of the customer's computer, network, or other device; the number of computers or other devices in use in the customer's home network; concurrent use of Internet access and a TV video on demand service, which consumes Internet access bandwidth; the means of connecting to the Cincinnati Bell network (e.g., the condition of the home's inside wiring or the type and condition of WiFi router); the distance of the home from the Cincinnati Bell network aggregation point or the type of Cincinnati Bell network facilities present in a given location; network congestion; and the performance of the content and application providers the consumer is accessing, as well as the performance of their respective host network(s).

1.8 Warranties.

- 1.8.1 The manufacturers warrant the Zoomtown modem and Telephone Line Microfilters for one (1) year from initiation of service ("Manufacturer's Warranty"). Except for the Manufacturer's Warranty, the Equipment is provided on an "as is" basis without warranties of any kind, either express or implied, including the implied warranty that the Equipment is reasonably fit for the purpose for which it is to be used and the implied warranties of merchantability and fitness for a particular purpose, unless such warranties are legally incapable of exclusion.

Furthermore, Customer agrees that Cincinnati Bell shall have no liability until such time as such notice has been actually received. If Cincinnati Bell receives a valid notice that Customer's use constitutes alleged infringement, Cincinnati Bell will take action consistent with the requirements of the DCMA, including but not limited to terminating Customer's Account and access to the Service.
